T7-8

LOAD

High

TABLE PROMISE. Comfortable middle-Bracket-3 Elf graveyard toolbox with zero Game Changers and no proven deterministic combo; I have the pod's highest skill scaling, so interact with my graveyard and commander.
FIVE-PLAYER HOME. Designed for the full five-deck table; at four players, keep every deck ready for the next game.

01 THE ROUTE

- 01 Plant the first memory
Keep functional colors, early mana, and one way to place or select an Elf.
- 02 Choose the court's tool
Mill, tutor, or discard the activated ability that solves the current board: mana, cards, counters, protection, or reach.
- 03 Crown Thranduil safely
Cast the commander when he can activate, wear protection, or immediately convert a stocked graveyard.
- 04 Make the memory visible
Turn mana and counters into an Elf board, then close with Shaman, Tyvar, or Jarad.

02 OPENING HAND

KEEP

- Two to four lands with green plus a mana creature or resilient fixing.
- One graveyard setup piece and one useful Elf to deploy or seed.
- A hand that functions without immediately resolving Thranduil.

SEND BACK. Color-fragile hands that cannot cast the early green engine.

06 YOUR FOUR OPPONENTS

The Great Goblin

SLIGHT EDGE • DENY DEATH VALUE

WATCH. A sacrifice outlet makes conventional spot removal and sweepers feed cards and damage.
ANSWER. Use Raise the Palisade or a well-named Crippling Fear, then respect Bojuka Bog, Boggart Trawler.

Thorin, King of Durin's Folk

SLIGHT EDGE • ANSWERS ARE BROADER

WATCH. Lantern, Abstergo, Boros Charm, and Clever Concealment cover both the graveyard and the reset turn.
ANSWER. Stagger spot removal and bounce around protection.

03 COMMANDER REMINDER

Thranduil, the Elvenking

Thranduil has all activated abilities of all Elf cards in your graveyard.

Whenever another legendary Elf you control enters, draw two cards, then discard a card.

PILOT FIT. Choose this for the deepest sequencing puzzle and the most reward for knowing every graveyard.

LEAVES OPEN. Timed graveyard exile and stack interaction can collapse the toolbox before it becomes flexible.

04 INTERACTION

Remove any permanent. Assassin's Trophy
Reset the right creature type. Crippling Fear
Protect the crowned engine. Swiftfoot Boots
Rebuild selectively. Harald Unites the Elves

05 VISIBLE CLOSES

The court drains the room. Shaman of the Pack
Counters become one attack. Immaculate Magistrate
The graveyard becomes power. Jarad, Gulgari Lich Lord

Beorn the Fierce

MODERATE EDGE • STILL RESPECT RECOVERY

WATCH. Scavenging Ooze can dismantle the inherited toolkit while one trample combat punishes a durling court.
ANSWER. Transform or remove the most important Bear engine and preserve typical interaction for the committed lethal board.

Bilbo, Thief in the Night

EVEN • FIGHT OVER THE SECOND HAND

WATCH. Bilbo is the pod's best stack check and carries two dedicated graveyard pieces that can interrupt the borrowed ability package.

ANSWER. Pressure the artifact holding graveyard hate sequence setup around counters.
